Shane Wright, CGCS, Joins FMC as Market Specialist for East Coast Florida

PHILADELPHIA, August, 30, 2023 – FMC Corporation has named Shane Wright as Market Specialist for the East Coast of Florida territory for sales of its GSS, Professional Solutions division products. FMC is a leader in the golf, lawncare, and pest control professional solutions market. Its comprehensive portfolio of fungicides, herbicides, and insecticides provide turf and ornamental growers, golf and lawn care professionals, as well as pest management professionals, differentiated solutions designed to help promote healthy turf and plant growth, while efficiently controlling pests.

“With his own experience as a Golf Course Superintendent, Shane is an excellent addition to our team,” says Michael Sisti, North American Marketing Manager, for FMC’s GSS, Professional Solutions group. “He comes to FMC with over 2 decades of industry experience, most of it in the Eastern Florida region where he’ll be focused.”

Those 20+ years of experience in the turf and golf business include serving the past 18 as Golf Course Superintendent for the Vero Beach Country Club. Wright’s career includes previous stints at Ballenisesles Country Club and Moss Creek Golf Club. He resides in the Vero Beach area.

Wright graduated from the University of Kentucky with a B.S. degree in Plant and Soil Science. He is certified as both a Golf Course Superintendent by the GCSAA and as a Pest Control Operator by the Florida Department of Agriculture and Consumer Services.

About FMC

FMC Corporation is a global agricultural sciences company dedicated to helping growers produce food, feed, fiber and fuel for an expanding world population while adapting to a changing environment. FMC's innovative crop protection solutions – including biologicals, crop nutrition, digital and precision agriculture – enable growers, crop advisers and turf and pest management professionals to address their toughest challenges economically while

protecting the environment. With approximately 6,400 employees at more than 100 sites worldwide, FMC is committed to discovering new herbicide, insecticide and fungicide active ingredients, product formulations and pioneering technologies that are consistently better for the planet.
