FMC PestVets Give Back Program achieves first-Year donation goal

PHILADELPHIA, (October 9, 2023) – In April at Legislative Day, sponsored by the National Pest Management Association (NPMA), FMC Corporation (NYSE: FMC) launched the [PestVets Give Back Program](#), a new initiative aimed at raising funds for PestVets. Through the efforts of PMPs enrolled in the FMC True Champions loyalty program, FMC will be presenting PestVets executives with a check for \$21,231 at PestWorld 2023.

According to Kyle Richards, Pest & Nursery/Greenhouse market manager for FMC Global Specialty Solutions. “We are proud to support PestVets as part of FMC’s commitment to the pest industry. PMPs responded to support PestVets and help further their mission of helping returning veterans re-acclimate to civilian life through employment in the pest control industry.”

Purchases made between January 1 and August 31 by PMPs enrolled in FMC True Champions qualified. FMC will make the PestVets Give Back Program an annual effort with a donation check presented at every PestWorld.

“Through its True Champions Give Back program, FMC is strengthening their commitment to social responsibility and giving back to the veteran community,” said Tom Drapeau, Associate Certified Entomologist with Freedom Pest. FMC has been a true champion for PestVets, providing financial support and resources since 2015. PestVets provides assistance and awareness to veterans, assisting them transition into successful careers in the pest management industry.”

About FMC True Champions

The FMC True Champions program (fmctruechampions.com) is a source for pest management professionals to access valuable Product Rewards and Product Assurances. It also has a third pillar that supports industry initiatives and associations like NPMA and PestVets. This depth of industry commitment by FMC includes increased investments in these causes and, to support those efforts, annual contributions are set aside based on annual purchases.

About FMC

FMC Corporation is a global agricultural sciences company dedicated to helping growers produce food, feed, fiber and fuel for an expanding world population while adapting to a changing environment. FMC's innovative crop protection solutions – including biologicals, crop nutrition, digital and precision agriculture – enable growers, crop advisers and turf and pest management professionals to address their toughest challenges economically while protecting the environment. With approximately 6,600 employees at more than 100 sites worldwide, FMC is committed to discovering new herbicide, insecticide and fungicide active ingredients, product formulations and pioneering technologies that are consistently better for the planet.
