

2025 Dynamic Rewards program

More rewarding than ever.

Enjoy rebates, rebate multipliers, rollovers and other perks that meet the unique needs of your business.

Product rewards

Dynamic Rewards program

An exclusive rebate program from Envu

The Dynamic Rewards rebate program is designed around your business needs and buying patterns, making Envu pest control products invaluable to your organization.

Sign up. Save. Keep saving!

Simply enroll once and you're done. The program runs from April to December 2025. Your purchases and rebates are tracked automatically and paid by check. No scanning, no forms, no hassles!

Money back to the bottom line

Low rebate minimum means it's easy to get a check. Plus, rebate multipliers make your rebate grow as your business grows!

Program period

April-December 2025

Check payments are scheduled for March 2026

How it works

- + Once you are enrolled in Dynamic Rewards, the rest is automatic. A purchaser is eligible for a rebate check once \$250 in base rebates are earned.
- + The total base rebate earned determines the tier multiplier (listed in the chart on the next page).
- + The program has one rebate period, with checks being issued in the first months of the following year.
- + Rebate amounts are reset when a check is issued at the start of a new program.

NOTE: Dynamic Rewards cannot be combined with in-season programs (spring/fall).
If you have participated in previous EOPs, we recommend continuing with that program. For more information about the EOP or to compare program benefits, please see the FAQs.
